

## **6-5-08 EOT MEETING UPDATE**

**June 5, 2008** During a luncheon meeting for the 100 Club, we met with Hugh Cameron and Ken Scanzio of MCOP to get an update on and to discuss strategy for today's meeting. President Riello, General Counsel Collins and Executive Director Sampson attended the meeting. The meeting focused on the terms of the proposed regulations. EOT passed out a list of their rates for cities and towns. It was determined that the information was inaccurate as they were using a time and one half rate of the base for the maximum rate. Chief Sampson noticed the error and offered to do a survey of all Mass departments to get updated information.
