**Re:** Flagman Survey

Chief,

As you know, our Association has been working with a number of Labor Association to ensure that our officers remain at traffic details.

As part of our Associations efforts on this subject, we are meeting tomorrow with the Secretary of Public Safety to discuss this issue and we intend to then meet with the Governor.

One of the issues we want to discuss is the Governors pledge to put additional officers on the street. We want to stress the impact of removing details officers from the street and the impact that will have on each of our communities.

We have one simple question that we would like you to reply to ASAP as we would like the information for tomorrows meeting but we definitely need it for when we meet with the Governor. Here it is,

**On an average day, how many pay detail officers do you have on the roads in your community?**

Please email the office ASAP.

Thank you,

Chief A. Wayne Sampson (Ret.)  
Executive Director
