RE: Proposed Flagmen Regulations

The proposed flagmen regulations have been released by the Executive Office of Transportation. We are disappointed that they did not contain the modifications that we had requested to be included. There will be a public hearing on this proposal later this summer. We will keep you informed as we hear more information.

In the meantime, the elected chairs have requested a meeting with the Secretary of EOPSS to explain our position and request their assistance. We will keep you informed as more information becomes available.

I am attaching the "DRAFT" regulations for your review.
