

Quinn Bill contract language (one of several possible)

Notwithstanding the foregoing, the Chief hereby expressly waives any additional compensation based on the so-called Quinn Bill since the parties agree that the base pay of the chief fairly compensates him for his services and this was taken into account in setting the chief's pay. The Town may apply for and retain any reimbursement from the state under the so-called Quinn Bill based on payments made to the Chief as part of his base pay which took said law into account among other factors.
