SHOW SPONSORS

WELCOME!

On behalf of the Executive Board, we are delighted to welcome you to the 2025 Annual Massachusetts Chiefs of Police Association Trade Show. We're thrilled to present an exciting new event featuring 165 companies showcasing the latest products, technologies, and services across the Exhibition Hall. As the second-largest trade show of its kind on the East Coast, we're dedicated to delivering an exceptional and comprehensive experience for the New England law enforcement community.

Our exhibitors are the backbone of the Massachusetts Chiefs of Police Association. With so many industry leaders gathered in one place, we encourage you to visit their booths to explore innovative solutions, connect with suppliers, discover new partners, and stay informed on the latest trends in public safety.

To enhance networking opportunities with the Chiefs, we've strategically placed food stations throughout the Exhibition Hall—a perfect chance to connect and converse.

We would like to give special thanks to Cheryl Lott and Dawn Nanni of the MCOPA, Chief Richard M. Stanley (Ret.) and Mark Tremblay of Tremco Police Products for the work that they have put into helping make this event what it is today.

Save this Program Book as a valuable resource—its listings will serve as a convenient reference throughout the year. We hope you have a fantastic time at this year's event!

Chief Christopher D. Delmonte
Chief Christopher D. Delmonte, President

Chief Michael J. Bradley, Jr. (Ret)
Chief Michael J. Bradley, Jr. (Ret.), Executive Director

Rugged Computers

Rugged computers are designed and manufactured to endure the harshest conditions, boasting MIL-SPEC certification and IP-65 rating or higher, ensuring water resistance, shock and vibration resilience, as well as dustproof construction.

Modems/Routers

Wireless modems and routers facilitate the establishment of a Wi-Fi Vehicle Area Network, enabling the utilization of a secure wireless connection. They also allow for remote monitoring and configuration of modems, vehicle tracking, and diagnostics.

Computer Mounts

Vehicle docks provide driver safety while improving connectivity to the vehicle's radio antennas through RF passthrough, ensuring uninterrupted connectivity with other in-vehicle communication systems.

Mobile Printing

In all climates, rugged, efficient, compact, and reliable mobile thermal printing technology excels at producing receipts, tickets, and labels ranging from 2" to 8" in size.

e-Bikes

Crafted to surpass the rigorous demands of law enforcement, the ATR 528 police eBike boasts:

- Upgraded Components for enhanced performance and durability
 - A formidable 1500w Peak Output Motor
 - Dual Battery capability
 - Impressive 400lb+ Capacity
-

TransCOR Services

TransCOR not only delivers meticulously designed and quality-manufactured mounting systems but also ensures precise installation by our expert technicians, adhering to specifications. Collaborating closely with clients, TransCOR evaluates all installation options, assuring optimal solutions tailored to your needs.
